

The easier way to manage school fees

Edstart makes it easy for you to manage your school fee payments. We can help you spread large upfront school fees into more manageable payments, so that school fees don't hold back your finances.

Take the stress out of your budget

Our simple payment plans can fit around your budget. You can even lower your repayments by extending the cost to after graduation.

Get full control over your payments

Edstart is more flexible than a traditional payment plan. You can adjust your repayments at any time without incurring any fees or charges.

Benefit from a great education

We give you peace of mind that your school fees are paid to the school, so that you and your family can focus on getting the education you want.

Payment plan options

We provide two options to help you better manage your education expenses.

Edstart Pay

Edstart Pay is an interest-free plan that runs up to 12 months. Edstart will pay the school on your behalf every term or semester, and you can spread your repayments across the year in weekly, fortnightly or monthly instalments.

Edstart Extend

Edstart Extend allows you to reduce your repayment amount by spreading your education costs beyond the current school year. You can extend your repayments for up to five years after graduation.

Our payment plans can be used for any education-related expenses, including tuition fees, boarding costs, tutoring, excursions and extra-curricular activities.

How to apply

Simply visit us at edstart.com.au to get an instant estimate and apply online.

You can apply for Edstart at any time during the year with no lock in contracts. You only pay for what you use, and there are no fees for changing or cancelling your plan.
